PSAE is Coming! By: Payton Schoenbeck

PSAE/ACTs are right around the corner, and so is the students' nervousness. "The PSAE scores are a measure of how well our school is doing in meeting the Illinois Learning standards," Mr. Larkin says. The purpose of the PSAE (Prairie State Achievement Examination) is to assess the progress of both high schools and individual students in meeting the Illinois Learning Standards. "Teachers have been reviewing and preparing the juniors all year," says Mr. Larkin. The juniors take a practice ACT test months prior to the actual ACT test to look for areas of weakness. Mr. Larkin recommends that just like any other test, you should get a good night's sleep. "You should relax, read each question thoroughly and choose the best answer."

Congratulations Luke Simmons on advancing to the sectional finals in the Country Insurance 3-point Showdown!
